- Help plant the first stepping stone in the Saumarez Creek Corridor - 2000 trees and shrubs in the Enmore TSR
- Corridor of stepping stone tree plantings linking Dangars Falls to Invergowrie along Saumarez Creek in order to make it easier for threatened bird species like the Speckled Warbler, Brown Treecreeper and Scarlet Robin move from one side of the Tablelands to the other.
- Birds need large patches of bush at regular intervals in this corridor: the Enmore TSR will be the first patch after Dangars Falls.
