

Neighbour-Hider Pack

species list

Your hiko tray of forty seedlings will include a selection of the below shrubs, all of which are 3-5m in height, dense and perfect for privacy screening, while also providing nectar for feathered friends

Knife-leaf Wattle

Acacia cultriformis

2-3m

Very hardy, dazzling in full bloom.

White Sally/Gossamer Wattle

Acacia floribunda

2-8m

One of the best Acacias you can plant! Hardy; perfect for screening; beautiful flowers; excellent bird habitat; fast-growing—everyone wins!

Ovens Wattle

Acacia pravissima

0.5m-3m

Incredibly frost-hardy. Wonderful bird habitat.

Jellybush

Leptospermum polygalifolium

0.5m-3m

Hardy and very florific with an abundance of white flowers.

Baker's Creek Bottlebrush

Callistemon pungens 'Bakers Creek'

3m x 2m

A dense, hardy shrub. Bright red-purple flowers Spring/Summer. Excellent screening and bird habitat shrub, tolerant of most soil types.

Lemon Bottlebrush

Callistemon pallidus

3m x 2m

Hardy, dense shrub. Soft, silvery growth with stiff leaves. Lemon yellow brushes in Summer.

Great for screening; bird-attracting.

Lana Bottlebrush

Callistemon pungens

2-5m x 3-4m

Hardy large shrub. Small leaves with spiky tips, stunning purple brushes.

Windbreaks, screens, birds.

River Bottlebrush

Callistemon sieberi

3m x 2m

Very hardy, prune after flowering, fine in wet soil.

Windbreaks; screens; bird-attracting.

Weeping Bottlebrush

Callistemon viminalis

4m

Large shrub with red brushes Spring-Summer.

Screens; bird-attracting & ornamental.

Tree Hakea

Hakea eriantha

10m

Fast-growing and suitable for wet climates or screening.

A favourite food-source of the Yellow-Tailed Black Cockatoo (*Calyptorhynchus funereus*)

Willow-leaved Hakea

Hakea salicifolia

3-5m

Fast-growing upright shrub with dense habit perfect for screening. Very tough.
